

# Practical test

HTML/CSS Challenge

# Learning outcome

- Student applies all relevant HTML and CSS knowledge within 3 hours challenge time. Upon completion, student and teacher has insight in what competences student needs to improve this semester.

## Note:

- This test is not graded. It serves for reference point only.

# Instruction

- Recreate the image from next slide fully, **as much as you can**, by **only** using HTML5 and CSS3.
- No other frameworks or code is allowed.

CSS IS FUN
